

Lakewood City Schools 1:1 Agreement

The Lakewood City School District will be supplying students in grades 1-12 with a Chromebook device. This device will be property of the district. The supplied device will provide each student access to educational materials needed for instruction during the school year. The Chromebook will allow student access to the Google Suite (G Suite) for Education Apps and other web-based educational tools required by the curriculum. The Chromebook is an educational tool and is not intended for gaming, social media/networking or high end computing.

The chromebook is considered district property while the student is enrolled within the Lakewood City School District. Students will be able to keep their assigned device throughout the year including summer and winter breaks. Upon the completion of grades four, eight and twelve, a student's device will be considered property of the student and will no longer be managed by the district.

Students leaving the district midway through a school year or over the summer will be required to return their Chromebook device to the district upon unenrolling from the Lakewood City Schools.

Important to Know

The life expectancy of the Chromebook is 4 years. It comes with a 3-year warranty. The Lakewood City School District will cover the cost of one "oops" per year. Any intentional damage to the Chromebook will not be covered as an "oops". After a student's one "oops", all repairs to the Chromebook will be at the parent's expense.

Internet access will be filtered while using the district provided Chromebook. All Chromebooks are equipped with GoGuardian, a web filtering and monitoring program.

The Lakewood City School District is not responsible for any changes that Google makes to their system. In addition, the district will evaluate and implement any options that ensure student safety and proper educational usage.

Students are responsible for the general care of their Chromebook. Chromebooks that are broken, damaged, or fail to work properly should be taken to the library media center located in the student's school to initiate the repair process.

Students are responsible for bringing completely charged Chromebooks to school each day for use in their scheduled instructional periods unless otherwise specified.

Student Agreement

I have read, understand and agree to abide by the Lakewood City School Board of Education Policy 7540.03. Should I commit any violation or in any way misuse my Chromebook, I understand and agree that my Chromebook may be revoked and disciplinary action may be taken against me. If I am under the age of 18, I understand that when I turn 18, this Agreement will continue to be in effect and I agree to abide by this Agreement. Please sign below.

Parent Agreement

As the parent or legal guardian of the above minor, I have read, understand and agree that my child shall comply with the terms set forth within Board of Education Policy 7540.03. I understand that the Chromebooks are a privilege and can be revoked if misused. I am signing this Policy and agree to indemnify and hold harmless the School, and the School District that provides a Chromebook to my child, against all claims, damages, losses and costs, of whatever kind, that may result from my child's use of his or her Chromebook or violation of the foregoing Policies and Procedures. Further, I accept full responsibility for supervision of my child's use of his or her Chromebook if and when such access is not occurring during the school day. I hereby give permission for my child to use a Chromebook authorized by the Lakewood City School District. Please sign below.
