## LAKWOOD CITY SCHOOLS

Dear Preschool Families,

Thank you for being a part of our early childhood program. By enrolling your child, you have made the commitment to their growth and development and are setting them on the path for future success.

Firstly, I would like to thank you for your patience as the summer planning months have been filled with many changes. We had outlined specific plans to operate preschool in person including limiting our class sizes to 9 students and implementing stringent cleaning and sterilizing procedures. However, we must follow the same safety recommendations and guidelines outlined for grades K-12. Therefore, we will start the first 9 weeks of school remotely but will continually monitor the safety guidelines put out by the state and the Board of Health.

Please be assured that our staff has worked diligently to develop high quality remote programming for your students that includes whole group, small group, and individual teaching. You can also anticipate activity kits, weekly themes, social emotional lessons, student engagement and assessment and teacher office hours. We also plan to continue our partnership with Beck Center and will provide your students with music therapy remotely.

Please be advised that the cost of monthly tuition will be reduced to \$100 per month during the period of remote education. Once school resumes, the monthly tuition will return to standard rates of \$225 per month for half day and \$450 per month for full day.

We are grateful to partner with you towards your child's success. September 8th is the first day of school for students. You will receive information from your child's teacher on how to access the daily schedule prior to the start of the year.

Warmest regards,

Gordana Dimacchia M.A., Psy.S.  
Coordinator of Student Services
