## NOW HIRING

**Stanley Engineered Fastening**, a Stanley Black & Decker Company, is a global leader in the development, manufacture, and sale of an extended line of metal and plastic fasteners and engineered fastening systems for commercial applications. We focus on total engineering solutions for end users' fastening requirements in the automotive, transportation, electronics, aerospace, machine tool, construction, and appliance industries. This Position is at the Ferry Cap and Set Screw Company located in Lakewood, OH. Ferry Cap and Set Screw has been providing its customers with the highest quality specialty fasteners for over 100 years.

Our Ferry Cap and Set Screw facility in Lakewood Ohio is now hiring entry level positions in the Plant. We are a world class manufacturing of critical engine fasteners.

A General Labor position is a great way to get your foot in the door. These positions start at \$15.61 / hr plus shift premiums for 2<sup>nd</sup> and 3<sup>rd</sup> shift and increases after 90 days.

If you have some manufacturing experience, we are also looking for trainees in our Cold Forming department (\$25 to \$27/hr + once fully trained) and CNC department. Trainees start at \$17.58 /hr plus shift and can get increase as they learn.
