

Skills for Success

Hello Mrs. Plute,

I hope you're doing well, I have some exciting news that I wanted to share with you! As of March 15, I am a licensed insurance agent with the Robert Myers Insurance Agency. This opportunity would not have been possible for me without you, and the West Shore Business Management program I was a part of in 2014-15. I am so thankful that I took this class and had you as my teacher to prepare me for this next journey in my life. If I can ever assist you with insurance, or anything else please let me know and I would be more than happy to help!

Thank you,

Jack McDermott, Class of 2015
